## The Premiere 5 Full HD Touch Interaction Projector (2025)

Tap into our new interactive projector

### Top Features

#### Touch Interaction

Just connect the Touch Stand to enjoy interactive touchscreen projection. Tap around where you've projected on — a counter, desk or dining table — and easily navigate your work and play. Use your finger to select the game you want and interact with it, just like moving around the pieces in a puzzle.<sup>1</sup>

#### Triple Laser Technology

Experience vivid, lifelike picture quality with a voluminous spectrum of colours. Three distinct laser light sources in red, green and blue produce pinpoint colour accuracy for vivid images.

#### Ultra Short Throw

View super-large sized images up to 100 inches with your projector near the wall. The Premiere 5 needs only a very short distance to project cinematic images in super large sizes.<sup>2</sup>

#### Smart Experience

Explore endless entertainment with your favourite apps in one place. With automated content curation you can spend less time searching and more time streaming the movies, games and shows you love.<sup>3</sup>

<sup>1</sup> Touch Interaction features may not be supported on all apps or content. Functionality may vary depending on the specific application, content, format or device compatibility.

<sup>2</sup> A minimum distance from the wall is required for product placement, and this distance may vary depending on the size in inches of the screen to be projected. The Premiere LPP5D must be at least 22.2cm from the wall to project a 60" image and at least 43.3cm from the wall to project a 100" image.

<sup>3</sup> Internet connection and Samsung Account required. Data and subscription charges may apply. Apps and UI may be subject to change without notice. Agreement of the SmartHub Terms and Conditions and Privacy Policy is required before use.

Product	Product Category	PROJECTOR
	Model Number	SP-LPF5DSAXXXY
Video	Picture Engine	NQP AI Processor
	HDR (High Dynamic Range)	Quantum HDR
	Light Source Type	Triple Laser
	Resolution	Full HD
	Screen Size (Wall Projection)	20-100"
	Screen Size (Floor Projection)	20-40"
	Digital Auto Keystone Correction	Yes
	Display Type	DLP
	Brightness (Ansi Lumen)	700
	HDR 10+	Support
	Contrast	1000:1 (Native)
	Contrast Enhancer	Real Depth Enhancer
	Motion Technology	N/A
	Smart Calibration	N/A
	Picture Upscale	N/A
	AI Motion Enhancer	N/A
	Supersize Picture Enhancer	N/A
	HDR Brightness Optimiser	N/A
	Filmmaker Mode	N/A
Audio	Dolby Atmos	Yes
	Object Tracking Sound	OTS Lite
	Q-Symphony	Yes
	Sound Output (RMS)	10W
	Speaker Type	2CH
	Adaptive Sound	Adaptive Sound Pro
	360 Audio	Yes

Smart Service	Operating System	Tizen™
	Bixby	Yes
	Far-Field Voice Interaction	Yes (with Screen off AOV)
	Built-in Voice Assistant	Alexa
	Works with AI Speaker	N/A
	Samsung TV Plus	Yes
	Web Browser	Yes
